Utility District Shows Gains For Past Year

Auditor Suggests Boost In Water Rates For District

From a gross income of $107,507.47 for the fiscal year ended June 30, 1953, the Truckee Public Utility District derived a net revenue from operations of both the electric and water departments of $18,696.60, after provision for depreciation had been made. This is shown in the 25th annual auditors' report of the district.

The report shows that the result from operations of the electric department for the fiscal year was a net revenue of $10,622.83, after provision for depreciation of $3,610.383 had been made. This compares with the previous year's net of $12,045.03 or a decrease of $1422.20.

"This decrease of net revenue appears to be due in part to the increased cost of repairs and replacements of $13,138.09 as compared with $9706.22 for the previous year or an increased expense of $3431.47," the report reads.

Water Department

The net revenue from the water department after provision for depreciation of $6,711.88 was $1,361.88. However, miscellaneous income other than from the sale of water prevented this department from showing an operating loss.

"The electric department absorbs a lions share of the operating expense of this department," the report said. "In other words, the water department is not self supporting, and it is our suggestion that the board of directors seriously consider an increase in consumer rates in order to help take care of the ever increasing cost of operations and the additional capital expenditures that may be anticipated in the future."

Some Costs

Purchase of electric energy accounted for the major expenditure with $47,365.16 charged to this item. Other costs of operating the electric department included repairs and replacements, $13,138.09; office and executive salaries, $6,435; office supplies and expense $1,374.57; rent, $1,568.42; legal and audit fees, $1,306.73; auto expense, $1,031.33; sales promotion, $579.08; telephone and telegraph, $202.09, and other incidental items, including $3,000 contribution to the local chamber of commerce.

Board Declines Request To Take Over Local Roads

The second meeting of the Meadow Park Improvement Association held Tuesday evening at the Methodist Church brought a somewhat discouraging report from the committee which met Monday with the Nevada County board of supervisors in an effort to have roads in that fast-developing area improved and maintained.

The committee comprising Eugene H. Risden, Charles Wolfe and Mr. and Mrs. P. J. Zydner, was informed by the board that unless the roads were brought up to a standard required the county cannot at present accept them.

The committee suggested that the board either not tax them as a subdivision or else take over the streets so that the county could legally remove snow from them in the winter.

It was pointed out that more than 40 homes are affected and that when these homes were built owners had been given assurances by the subdividers that the county would care for them. The tract was laid out under provisions of the state public utility act which requires no approval from the county or planning commission.

Chairman Henry G. Loehr told members of the board that, despite the legality of the case, local crews when possible had removed snow to prevent hardship. Since road work and snow removal in the future will be out of the hands of the local supervisor and entirely up to the road commissioner, the status of the future is uncertain.

As a result of the information received, however, the association is continuing in its efforts to have improvements made and Tuesday a committee comprising Wayne Philippi, Lloyd Everett and Zydner will meet with the directors of the Truckee Public Utility District to obtain additional information.

Everyone is urged to avail themselves of this free service, made possible through the sale of Christmas Seals.

Cook Missing, Feared Drowned In Boat Mishap

Boat Recovered at Tahoe After Chinese Is Missing

TAHOE CITY— On July 30, a report was made to Fred Main, commodore of the Tahoe Coast Guard Auxiliary, that a Chinese chef on the Henry J. Kaiser estate near Tahoe Pines was missing. The report was made by Max Collins, employed at the Kaiser boat house.

Collins said he met the chef, Tony Jack Fong, 50, in a small kicker boat about 200 yards from the Kaiser pier at 10:35 a.m. last Thursday. Collins was returning in a larger boat from Tahoe City and called out to Fong, asking about his fishing luck and received a cheerful reply.

After the boatman tied up and was in the boat house for some time, he returned to the pier at about 11:20. Looking to the last place he had seen the cook, he observed the small boat whirling around, empty and apparently out of control. He immediately launched a speedboat but when he arrived where he had seen the smaller craft it was gone from sight and could not be found. He then reported the incident to Main.

Francis West, Placer County coroner, with his deputies, Harry Sands of Auburn and Harry Johanson of Tahoe City, conducted an investigation. As of yesterday, no trace had been found of the missing man. It has been reported, however, that the boat has since drifted to shore with the fishing tackle Fong was using still intact.

Collins told Johanson that the chef was recently treated for a heart ailment and may have suffered an attack. The place where the man disappeared is in very deep water, Collins said. (ejv)

LEAKE HERE TO DISCUSS PLANS IN THIS REGION

Paul R. Leake, member of the state board of equalization in this district, who has been vacationing at Lake Tahoe for the past several days, visited briefly in Truckee last week.

Leake replaced the late Jerrold L. Seawell as a member of the board and created considerable controversy since that time in his effort to separate the liquor control work from the state board. While here, he called on local law enforcement officers to solicit their support in enforcing liquor laws.

The new official said he would give serious consideration to a possibility of establishing a board office in Truckee where tax as well as liquor questions could be handled throughout this area without the necessity of traveling long distances for service as required at the present time.

Leake said he plans to make the office entirely non-political and will work toward a program of efficiency and fairness in all departments.

CATHEDRAL CITY WOMAN PASSES

Constable N. F. Dolley yesterday was asked to institute a search for Harry E. Worley and Jack Diggins of Felton, Calif., who are four days overdue at their homes after a trip into the Webber Lake area. They are driving a pickup truck with the words "Beacon Rock Gas" lettered on the sides.

From South—

Mrs. Ralph Snavley and children of San Diego are visiting Mr. and Mrs. P. Petroni for two weeks.

Sun Beams

by WALTER BARRETT

Organized effort by the residents of Meadow Park to have the county assist in maintaining streets there seems fully justified. Regardless of the technicalities involved, the county is not loath to demand taxes from these people and in return for these taxes, property owners there should certainly be entitled to the small service required in keeping roads open during the winter months. Other less important and smaller populated areas are obtaining far more consideration and it seems only fair that relief be provided in this instance. It can be hoped that through their organization of the Meadow Park Improvement Association that at least this small request can be met. Otherwise the 40 homes on the tract may be isolated and thus could provide few benefits for county or community and create a hardship for the families immediately involved.

Last week we suggested that some steps should be taken to prevent a recurrence of a recent attack on a small child by a vicious dog. We did not present a solution and have none, other than to suggest that owners keep their pets at home. We understand, however, that the Wyethia Club, through its safety committee, will attempt an answer to the problem and we should all join in wishing them success.

Bills Seek Aid For Highway 40 Over Mountain

State Representatives Offer Legislation For Funds

Bills to authorize the department of defense to cooperate with the state of California in construction of a four-lane highway across the high Sierra were introduced in congress just prior to adjournment last weekend by Representatives George Miller of Alameda, Clair Engle of Red Bluff, Senators Thomas H. Kuchel and William Knowland of California, Pat McCarran and George Malone on Nevada.

These measures would permit federal spending of $20,000,000 on the project to match a like amount already set aside by the state legislature. U. S. Highway 40 has been selected by the state highway commission as the route to be improved.

Bay to Nevada

The measure passed by the legislature called for creation of a new trans-Sierra highway from the Nevada state line over the mountains and to the San Francisco Bay area. Any or all parts of existing highways were approved for use in the route. The state highway commission was given authority to designate the final route, and the $20,000,000 was set aside, contingent upon a matching amount coming from federal sources within five years.

Highway 40 is the principal passenger and freight artery into northern California and its present two-lane portions have been declared inadequate to meet increasing demands. Stands in favor of the project have been taken by more than 100 organizations in Nevada and California. State officials in both states, including Acting Governor Goodwin Knight of California and Governor Charles Russell of Nevada, have praised the plan.

Congressional Comment

Miller said he will ask the chairman of the committee to which his bill is assigned to seek a statement from the secretary of defense, Charles Wilson, as to his position on the proposal.

The senate version of the bill would authorize, starting in fiscal 1955, up to $4,000,000 yearly over existing federal aid allocations to match expenditures by the state of California on the project.

Senator Kuchel said "there is a proper federal interest" in modernization of the highway because present trans-Sierra routes would "throttle evacuation and military traffic in the event of an attack" on the San Francisco Bay area. Extensive military installations there and near Sacramento, which also is on Route 40, constitute prime enemy targets, he said.

"There has long been an urgent need for an adequate route over the mountains to handle ever-increasing civilian and military traffic and I hope congress will see fit to go along with the state in developing the route which certainly is in the national interest," Engle declared.

The congressman added he will request hearings as soon as congress reconvenes in January.

BLOOD BANK IS DISCUSSED HERE

The possibility of establishing a whole-blood bank at the Tahoe Forest Hospital is under consideration. It was pointed out that to maintain a supply of blood would require a special refrigerator which would cost approximately $500.

The need for whole blood to be kept at the hospital does not yet warrant this expenditure, Administrator John Wardman believes, although there are times when it would be of great value. Currently the hospital depends upon blood being sent from the Sacramento bank or the use of a supply from donors in this area.

Woman Killed In Car Wreck; Four Are Hurt

Cars Collide Headon As Driver is Blinded By Sun

One woman was injured fatally and four other persons hospitalized at the Tahoe Forest Hospital as the result of a two-car collision just east of Rainbow Monday evening at 6:30 o'clock.

Dead on arrival at the hospital was Mrs. Virginia Bush, 30, Route 3, Box 3659, Auburn. Her daughter, Linda, 5, was seriously injured about the head and the victim's mother and driver of one of the cars, Mrs. Irene B. Allen, 48, Bell, Calif., was in critical condition.

Mrs. Betty Snow, 45, Fresno, was seriously but not critically injured. She was a passenger in the second car driven by Nathan H. Snow, 51, who had minor injuries and shock.

The accident occurred, State Patrolman William Gautsche reported, when the Chevrolet driven by Mrs. Allen ran into a bank of rocks on the right side of the highway as she was traveling west. The impact threw her across the road into the path of the Cadillac driven east by Snow. The sun may have blinded the west-bound driver, Gautsche said.

The two Truckee ambulances were called to transport the injured to the hospital here. Mrs. Bush suffered a broken neck and was pronounced dead on arrival at the hospital. Mrs. Allen is reported to have serious internal and head injuries.

Car Overturns

Walter Cole, 45, Boise, Ida., man employed at Tahoe City, was treated by Dr. George Hahn at Tahoe Forest Hospital here for injuries sustained when his car overturned on the highway five miles east of Tahoe City at 3:15 a.m. July 31.

He was cited by Patrolman T. F. Sheehan for being on the wrong side of the road and driving without due caution.

Swanee's Letter

Tahoe City, Aug. 2

Dear Tahoeites—

One of the jolliest road shows ever to visit Tahoe's shores drew a large crowd on Friday night when W. L. Lowe put his famous wrestling bears through their paces in an enclosure near the Tahoe City concrete bridge. It was the first of its kind ever to play our region and the children of the town, as well as the grownups, enjoyed every minute of it. Lowe has made a hobby of training bears for the past 15 years and owns at present 18 of the animals of various sizes and ages. His home is at Klamath Falls, Ore., and he travels the country over, giving exhibitions and meeting new people. He had never before been to Tahoe but plans to return every year from now on. The bears he brought to Tahoe range from three to 13 years in age, the largest weighing 335 pounds. His other truck is now playing Calispel, Mont., to the logging and mining camps, the largest in that lot weighing 750 pounds. The bears exhibited here wrestle in the summer and during the winter perform such stunts as bicycle riding, roller skating and tight rope walking. For 15 years he has raised, trained and sold bears to the movie companies of Hollywood. Sunday, two of his pets were hired by a movie outfit now on location in the area of Fallen Leaf Lake. All the bears are bottle raised, all but one have no teeth and the tendons of their claws have been cut so that the animals cannot gouge or scratch with their feet. The show was hilarious as home town boys and girls accepted Lowe's invitation to come into the big cage and wrestle with his pets. Three local girls, Duane Pomin, Christine Soltau and Martha Zang, took a turn in the cage and screamed in terror until they learned the bears really wouldn't hurt them. Lowe remained in the cage at all times to act as referee. Among the boys who tried to throw the bruins were Darryl and Donald Stark, Rex Donaldson, Richard Griffith and Richard Brown, the latter doing the best job of wrestling. Toward the latter part of the performance, 14 children entered the cage with the bears, one three-year-old riding on the back of one of the bruins. Lowe showed his pets all around the lake and Saturday night set up tent at Kings Beach for his final showing at Tahoe.

Bishop Noel Porter of Tahoe's Outdoor Chapel of the Pines reports attendance at Sunday's 11 o'clock service between 400 and 500 persons again. Guest soloist was Edwin Huges of Fresno and organist was Peter Gibson of Oroville. Bishop Porter delivered the sermon. On Saturday afternoon at 4 o'clock the bishop performed the marriage rite of Dr. Edward Cook of San Rafael and Miss Grace Rossetto of San Anselmo. Their attendants were Mr. and Mrs. Anthony Novacic. A large number of friends of the couple witnessed the ceremony. On Sunday following last services at the chapel, Bishop Porter confirmed his gradson, 13-year-old Cedric H. Porter, son of Rev. and Mrs. Cedric Porter of Sacramento, who were present to witness the service, and Miss Susan Taft, 14, granddaughter of Mrs. Florence Taft of the Truckee River. Present houseguests include the bishop's and Mrs. Porter's son, Noel, Palo Alto city councilman, accompanied by his wife and two children, Diane and Patricia. Weekend visitors also included the Porters' son-in-law and daughter, Mr. and Mrs. Herman Rauh of Sacramento, and three children, Beverly Louise, Teddy and John Richard.

Perfect weather prevailed Saturday night for the big pot luck supper party held by residents of Pineland in Pineland Bowl, several hundred participating, according to Charles Beardsley, Pineland realtor, one of the promoters of the pleasant affair. Besides an array of delectable dishes for dinner, an interesting and entertaining program was presented following the repast. Mrs. Pinneo arranged the dinner and Mrs. Frances Carlson had charge of the program. Guest singers included Miss Lida Hahn of Oakland, Mrs. Judenac of Burlingame and there were a number of children's songs and instrumental selections, with Mrs. Charles Beardsley rendering the piano accompaniment for all. Another big pot luck party is planned for around August 15 and everyone is welcome to come, just call Gladys Anderson at Tahoe City 240 and learn what to bring.

Mrs. Jeannette Mitchell and son Dale, accompanied by Mrs. H. L. Youman of Donner Lake, enjoyed a three-day visit in San Francisco last week where they were guests of Mrs. Marion Cummings. Miss Annette Rodriguez, niece of Mrs. Mitchell, returned with her to spend the rest of the summer at the Mitchell home here.

Am happy to report that 14-year-old Danny Sheehan, son of the Tom Sheehans of Lake Forest, although still receiving treatment in the hospital for an attack of non-paralytic polio, contracted while vacationing in Los Angeles, is recovering satisfactorily and it is believed he will suffer no ill effects from the siege.

Charles Warner, Tahoe City builder, general contractor on the new addition to the Truckee Elementary School addition, reports work is progressing rapidly on the job and he believes it will be ready for usable occupancy by the time school opens September 8 although some finish work may remain to be done. "Spectacular" is a good word to describe the new home of Mr. and Mrs. A. C. Moorhead of San Francisco which Warner is erecting along the Truckee River near Squaw Valley. The house, according to the builder, will have the first St. Charles kitchen in this area, the latest thing in custom-built sea-green steel. Most of the front of the house which overlooks the Truckee will be enclosed in large thermopane glass, there are two fireplaces and the entire structure is insulated for year-around occupancy. Mrs. Diana Warner was the designer. The Moorheads plan to reside for six months each year at their new home and travel for the other six months. Recent guests at the Warner's home on Fairway Drive were Mr. and Mrs. W. N. Clark of China Lake and children, Peter and Penny, and Mr. and Mrs. Maurice Temple of Downey who enjoyed a four-day stay.

Recent visitors at the home of the James Bakers were Mr. and Mrs. Richard Leuschner Sr. of Merced. Leuschner, Mrs. Baker's father, flew his airplane to Carson on a business trip, borrowed a friend's car and drove over to Tahoe for a visit.

Mrs. Vendla Purcell of Saratoga and son Teddy are spending several days visiting her father, Charles Swanson of Sunnyside. Mrs. Purcell is well known in this area as she spent much of her childhood at the lake and later was employed at old Pomin's Resort. She also plans to visit with old friends, the Franklin Sunkels of Tahoe Valley, before departing for home.

A highly successful fishing trip was enjoyed by Mrs. Elfie Luhrs, Dr. and Mrs. Clark Burnham and the Burnham children, Gary, Robin, Wendy, Darry and Bonnie, who went by pack trip to the Tahoe back country for a five day camping sojourn. They made camp at the foot of Needle Lake and fished in the surrounding waters, bringing back a grand mess of eastern brook trout. Even little six-year-old Bonnie caught a fish. The party returned home on Saturday night after a most delightful time.

As ever, Swanee.

WILL PICK QUEEN FOR YACHT CLUB EVENTS AUG. 15-16

TAHOE CITY— Tahoe Yacht Club will hold two luncheons at Chambers Lodge, the first on Saturday, August 8, for members and their wives. Plans will be made to select a queen to rule the two days of the club's annual regatta August 15 and 16. She will be selected from the membership of the club. The annual election of officers of the yacht club will take place at the luncheon on August 15, at the conclusion of the water skiing carnival.

At 9:30 a.m. August 15 the water ski events will begin, over a special four-buoy rectangular slalom course approximately two miles in length at Chambers. Everyone is eligible to enter, whether members of the Tahoe Yacht Club or not, according to publicity chairman Frank Kraus, and a long list of contestants is being anticipated. The carnival will include slalom, tricks and novelty skiing will be included in the activities. There will be special exhibitions for children, youths and adults. Participants are urged to register and be on hand at 9 a.m. on the 15th.

Anyone wishing to enter the water skiing carnival may do so by contacting Jay Murphy at Tahoe City 52.

George M. Lewis of Beverly Hills is commodore of the Tahoe Yacht Club; vice commodore is Randolph (Randy) Walker of San Francisco and port captain is Ollie Meek of Walnut Creek. Fred Main of Tahoe City will man the loudspeaker system, donated for the occasion by Jake Obexer of Homewood. Nice trophies will be presented winners of all events, including the water skiing contests Saturday.

Sunday's boat races start at 9:30 a.m. and will include the following in the order given:

115 HP, stock hull and engine; 130 HP, stock hull and engine; kids' outboard race which will feature two races to be run simultaneously, one a 5 HP and under for youngsters 12 and under and the other a 10 HP for children 16 and under; 160 HP Cris-Craft only for members; 165 HP, open to everyone and non-stock; 325 HP and under, 25 feet and longer, stock; women's championship race featuring two simultaneous races, 130 HP and 200 HP and under; the Lake Tahoe championship rance, unlimited and open to all comers, members or not; the bang and go back race. The final race of the day will be a relay in which various boats are given handicaps.

Competition will be keen for the Commodore's Perpetual Trophy which is awarded on the basis of points scored in the day's events —one point for each race entered, one for third place, two for second and three for first places. (es)

CHAS. R. YOUNG, BIJOU PIONEER, DIES IN MONTANA

Charles R. Young, 63, a life-long resident on the south shore of Lake Tahoe, died suddenly Sunday in a Missoula, Mont, hospital where he was stricken with a cerebral hemorrhage while returning with his wife, Glorine, from a vacation in Canada.

Funeral services were scheduled this week in Carson.

Young's parents founded Bijou on the south end of the lake in 1889. He and his brother, Wilton, who died last year, were credited with developing much of the south Tahoe area.

The Young brothers' first venture was a store at Lake Valley, opened in 1908. In 1915 they opened Young's Bijou Lodge and in 1934 the Bal Bijou Casino and Dance Hall.

Young sold his resort two years ago and continued to reside at Bijou. He was a Mason and a member of the Ben Ali Shrine.

Surviving, beside his widow, are a sister, Vida Ray of Glendale, a son, Jack R. Young of Sacramento, and two grandchildren.

TAHOE CHAMBER MEETS TUESDAY TO PLAN RACES

TAHOE CITY—The Lake Tahoe-Sierra Chamber of Commerce has sent out notices for a meeting of officers, directors and members to be held Tuesday, August 11, at 8 p.m. in the Community Center Building in Tahoe City.

Sole point of discussion of the Tuesday meeting will be the upcoming all-inboard Tahoe Sky-High Regatta, scheduled for September 12 and 13 and featuring three "firsts" in Tahoe speed-boating history: the first annual Tahoe Gold Cup Race (unlimited), the first Sky-High Hydro Classic (limited), and the first annual Women's Gold Cup Special (unlimited).

Especially urged to be present are resort owners who expect to cater to visitors during the regatta period. Non-chamber member owners are also invited to attend, as the chamber has made a complete poll of reservation facilities in both member and non-member fields, expecting to call upon the latter when member accommodations have been filled.

Also especially urged to attend are officers or committeemen of service organizations or clubs, in the Tahoe-Sierra region, who may wish to secure operation of one of the many concessions which will serve the public during the two day races. Concessions will be let by the chamber on a fifty-fifty basis of financial return and the chamber stipulates that concessionaires must buy supplies from its purveyor members. The chamber has pointed out that there is excellent return to be expected from these concessions and requests that those interested have their plans of operation well in hand to present at the meeting on the 11th.

Purveyors' agents are also urged to be in attendance to present their companies's bids and suggestions.

CHASE BOUND OVER TO SUPERIOR COURT

TAHOE CITY— Wayne Chase, 24, formally charged with a statutory offense involving a seven-year-old boy at Tahoe City on July 10, was brought up for preliminary hearing last Friday in the Tahoe judicial district court. After hearing the testimony of the boy, Judge Harry Charrison remanded the defendant to the custody of the sheriff of Placer County for trial in the superior court at Auburn. Bail was continued at $5,000.

Deputy District Attorney F. L. Sinclair represented the people in the case and Attorney Dan Higgins of Auburn was appointed by the court to defend Chase. The boy is visiting relatives at Tahoe from his home in Oregon. (ejv)

NEVADA COUNTY TO SHOW MINING AT '53 STATE FAIR

SACRAMENTO— A mining scene and displays of gold ore will be featured in Nevada County's exhibit at the California State Fair, September 3 through 13. The exhibit will be in the Counties Building on the fair grounds.

Thre e statues of gold miners will be shown at work extracting the gold-bearing ore in a mine tunnel. Display cases — well locked and guarded — will contain samples of gold and gold ore valued in the thousands of dollars. Last year's display of gold in the Nevada County exhibit was valued at approximately $50,000.

A counter will hold samples of the county's minerals. The county took four first places last year at the fair in metals, ores, gems and jewels, and precious metals sweepstakes.

L. G. Lageson, county agricultural commissioner, is in charge of the exhibit. The Nevada County booth is situated on the east wall of the Counties Building, across from the main entrance.

CEMETERY PROJECT BRINGS TO LIGHT INTERESTING DATA

TAHOE CITY— Tucked away on the sunny, pine studded hillside above the Tahoe City golf links lies the small but dignified community cemetery.

For many years it stood unattended, grown over with weeds, the fence broken down by heavy winter snows, with many a grave without identification or even proper location. The only person who knew most of its deceased and who kept even a sketch of their location was the late Bert Watson. It was folowing his passing that Constable Harry Johanson voluntarily took on the task of rehabilitating the plot and at present he is just about through with his task.

Since the constable took over the work of restoration, he has discovered a number of important and interesting facts.

In looking over the old deed to the plot, he found that a strip of gorund 25 feet wide runs around three sides of the original enclosure and there is an added 50 feet to the north end, all included in the deed, which will permit enlargement of the cemetery whenever necessary. He has re-located 43 graves, staking them out, and has made room for 65 more plots. He has made wide white gravel walks and erected readwood headboards, all topped with a copper band to preserve them, and all erected in concrete. Each has the name of the deceased cut into it, then painted over white. There are 28 graves of known dead and seven of unknown so marked.

Instead of carrying the coffin from the highway some 200 feet to the cemetery, as in the past, a new road is being made into the plot os that cars may drive within a few feet of the cemetery.

Thirty-two local merchants have donated to the good caues. The Women's Club of Tahoe have aided financially and Johanson has personally solicited over $200 since taking over the task. Bert Anderson of Pineland and a crew of men erected a new fence around the plot last fall gratis.

The first known record of graves at Tahoe City was in 1869 and in 1908 twelve graves were moved from the former Bliss estate property in town to the present location north of town on Fairway Drive. Bodies are known to have been buried all around Lake Tahoe as early day residents had no cemetaries and three unknown graves remain near the cemetery in the golf course.

Perhaps the most famous of all of Tahoe's dead was Robert M. Watson, early day trail blazer and friend of Kit Carson. He died in 1932. Old characters buried here include "Poker" Pete Albptson who passed away in 1930 and Felix Kuchler who resided at Tahoe for 40 years and whose first ride "below" to the Auburn hospital when he became ill was his last.

For the first time since his buri- outlaw, killed in a gunfight at an al in 1872 the grave of Jim Stuart, early day Tahoe City bar, bears his name, a fact which Johanson discovered in his quest for infor- of Tahoe City's departed.

So neat and peaceful has Tahoe's little cemetery become that some of the town's most prominent people are reserving their final resting place. (es)

Cooperating in the campaign to "Help Keep Our Roadsides Clean," the state division of highways is making it easier for the motoring public to dispose of its car litter by placing additional trash cans along the highways.

"This action," states William J. Losh, chairman of the statewide roadside cleanup committee of the state chamber, "is highly appreciated, as it is of the greatest help to the ever increasing thousands who are becoming clean roadside conscious. The state division of highways is showing good business judgment, inasmuch as it costs the department some $450,000 to $500,000 annually to pick up bottles and cans tossed along the highways by thoughtless motorists.

"Likewise, more and more motorists are becoming aware that if these scavenging operations can be reduced, the resulting savings can be used for their benefit in additional good roads. Reports from the many women's organizations, chambers of commerce and other groups working with the committee throughout the state indicate that their efforts have been highly effective and that there is a marked decrease in roadside debris. Cleanup checkers glancing into parked automobiles report a tremendous increase in the number of cars carrying used grocery bags in which to deposit litter accumulated while driving.

"Trash cans now placed total 257 and more have been promised by the state division of highways as evidence of public cooperation and demand indicates," concluded Losh.

TAHOE TOPICS

by ETHEL J. VERNON

Last Friday evening Mrs. Laura Wilson of Lake Forest left for the home of her parents in Santa Ana where she was present at a family reunion. Thirty-three relatives met there from various parts of this country and abroad. Included among the close relatives present were the parents, Rev. and Mrs. Carl Critchett; brother, James Critchett, wife and family of San Diego; brother, E. R. Critchett, a geologist, with his wife and family from Venezuela; brother, Rev. H. A. Critchett, wife and family from Denver; sister, Mrs. George Youngberg, husband and family of Santa Ana. The youngest brother, who could not attend, called long distance from Arlington, Va., Saturday night. Mrs. Wilson flew home on Monday after a wonderful weekend, enjoying her first ride in an airplane.

Mrs. Rose Boyiarides of Tahoe City is, as she would put it, "back in harness" again this week. In past years, Rose managed the Tahoe Tavern laundry for 31 successive summer, giving up the work in 1942. During the past week the resort manager asked her to resume her old position there and after more than a decade she went to work once more as laundry manager there.

Mr. and Mrs. Charles Spalding of Tahoe Inn report this week that the work on their new home on the eastern slope of Mt. Rose is nearing completion. The Spaldings' new house is about two miles from the Christmas Tree on the Reno road. It is a six room cottage with a wonderful mountain view, where the Spaldings hope to retire in peace and comfort sometime within the next few years. It is growing so interesting of late that Mrs. Spalding spends part of nearly every week there, arranging and adding beautifying effects to the interior. Mrs. Spaldings' son, Charles Trapp, has had to stop his work on the new home temporarily as he is laidup for a while with a badly sprained ankle.

Mrs. Alice Gerhardt, who for many years has occupied a cottage on the estate of her late father, R. M. Watson, is expected to be occupying a new home here in the near future. During the past week she purchased, from Mrs. Evelyn Bliss, a house and lot on the northwestern side of the Bettencourt Tract.

Mrs. Rodney Yeakel of Sacramento has been enjoying the past week in the home of her mother-in-law, Mrs. Ward Knapp of Lake Forest. On the weekend her husband joined her here and they will spend another week in Lake Forest on his vacation time.

Attorney and Mrs. Thomas Sargent of Auburn, with their daughter, Julianne, spent the past weekend with friends in Tahoe City.

The J. Walkers of Auburn (Joe and Jennie) again visited Tahoe City friends on the weekend, among others the C. W. Vernon family. The Walkers completed the sale this week of one of their summer cottages in the Homewood vicinity to Mr. and Mrs. M. Rupert of Sacramento. Other guests of the Vernons during the weekend were Mrs. Vernon's nephew, Leonard Joslin, with his wife and twin daughters, Dianne and Donna, who motored up on a short vacation from their home in Hawthorne.

Bob Thomas of Auburn and Tahoe is occupying his Tahoe Pines cottage this month while busy with construction work at the new Hillver Brown home near Meeks Bay. His son, Nick,, is staying with him at Tahoe Pines while commuting daily to and from his work in Sardine Valley where is employed on a government project. Mrs. Thomas, who has been on vacation for the past three months in England, her native land, is expected home in a week or two. She wrote Tahoe City friends that during the three weeks she had spent on the Isle of Man it had rained steadily and that she will be more than glad to see California sunshine.

Mrs. Dan Best of Woodland, who recently bought the Hall-Ross estate in the Timberland home tract, entertained a party of bay region house guests in her home there over the weekend.

Mr. and Mrs. John Tressider and young son, Joe, were visitors in Tahoe City over the weekend. Mrs. Tressider is the former Mary Pronzato who taught school in Tahoe City several years ago when high school here was conducted in a private home.

Miss Rosetta Bosen has been employed at the fountain at Jay's drug store. Last Monday she and Miss Joan Spitsen were Reno visitors.

Mr. and Mrs. D. E. Butterworth of San Jose were visitors over the weekend at the Tahoe City home of their niece, Mrs. Ed Bosen.

Walter Cole, employed at the Tahoe City golf course, was badly injured in an auto wreck which occurred last Thursday night on a curve of the highway between Tahoe City and Kings Beach. The vehicle Cole was driving turned over and rolled from the highway. Cole required hospitalization and the car was badly wrecked.

Jimmie Huega, 7, son of Mr. and Mrs. Pete Huega of Lake Forest, became ill Saturday and, on advice of Dr. C. B. Pedersen, Tahoe Tavern physician, was rushed to a Reno hospital for an appendectomy. A report early this week indicated the boy was progressing nicely.

Ray S. Robinson of Los Angeles in justice court at Tahoe City was given a 90 day suspended jail sentence and placed on probation after pleading guilty before Judge Harry Charrison to a charge of disturbing the peace. Ellen Titus, employee at a Tahoe resort, signed the complaint, charging that Robinson broke her glasses in a disagreement between them. One condition of the probation was that Robinson pay for the glasses.

RICHFIELD SERVICE IS NOW OPERATING IN GATEWAY PARK

Harry's Richfield Station at Gateway Park opened recently under the management of Harry P. Digesti, widely known local young man and an experienced service station operator. For the past several years he has been employed at Osburn's Associated Station, operated Harry's Texaco station on Main Street and more recently was in charge of the parts department at Osburn's Buick Garage.

In entering the new business venture, Digesti extended an invitation to his many friends to call and get acquainted with the Richfield station.

ARE YOU A SUNSCRIBER?

Minute Ministry

by Rev. Sidney C. Winston
(Pastor, Community Methodist Church at Truckee)

* * *

You don't have to go to hell to be lost. It might be of interest to know who was the source of the expression originally, "You don't have to go to church to be a Christian." I have noticed that it is usually prefaced with the remark, "I don't think. . ." There is little doubt in my mind that if such people were capable of constructive thinking along this line, and would do so, they would soon find themselves in a very uncomplimentary position from the standpoint of appreciation since they have become willing to desert the church and its program for other less worthy choices. Just as one doesn't have to go to church to be a Christian, one doesn't have to go to hell to be lost. One can be lost long before he reaches such a destination. Even so, all people who attend church are not saved, but they are within shouting distance. And just as a person who isn't in hell doesn't have to go there, a Christian who doesn't attend church is dwelling in dangerous territory. If one doesn't have a church to attend, the conclusion still would not be appropriate. It is a marginal exception.

AUBURN TO LAKE JEEP TREK BRINGS 140 OVER TRAIL

TAHOE CITY— The annual Jeep Caravan Trek, leaving Auburn last Friday, arrived at Wentworth Springs Saturday, traveling the old Georgetown - Tahoe stage coach route. From Wentworth, on Sunday, they came up the old road along Girle Creek, passing within a few hundred feet of both Loon and Spider Lakes on the way to the summit above Buck Island Lake. From there they drove over the little-used road that skirts the shore of Buck Island Lake, within sight of Victor Wikander's island cabin, over a second summit which affords a glimpse of Rockbound Lake to the right and down the narrow rocky road in the Rubicon Canyon.

Crossing the recently built removable bridge, they followed the fading stage road down the river, past the ruins of historic Rubicon Inn, crossed the canyon a mile below and took the switch back rocky road up to the summit above Miller Lake and the McKinney Creek canyon road. Down this beautiful but precipitous narrow road the caravan wound its way on Sunday afternoon to the lake circle highway at Chambers, and thence to Tahoe City.

Thirty-nine jeeps in all made the trip, carrying 140 persons. The caravan was lead by Albert F. filled the large dining room at Bequette of Auburn. The party the Tahoe Inn where dinner was served to them Sunday. Later in the evening the caravan started back to Auburn via Highway 40 over Donner Summit. (ejv)

TAHOE SCOUTS ARE HOSTS FOR NEW YORK BOYS

TAHOE CITY— Boy Scout Troop 92 of Nassau County, N. Y., which was scheduled to arrive in Tahoe City a week ago, was unavoidably detained, according to its scoutmaster, Alan J. Distler. The troop was scheduled to arrive here on Tuesday this week and arrangements have been made for them to camp on the Tahoe City Commons for as many days and nights as they can spend here.

Paul Griffith, Tahoe City scoutmaster, and the local Boy Scouts will be hosts to the visitors during their stay and Griffith will guide them on excursions about the region. The Tahoe City Rotary Club and the Women's Club of Tahoe are combining their efforts to arrange a dinner here for the visiting scouts some evening this week, at which the Tahoe scouts will also be present. Tarzan

by EDGAR RICE BURROUGHS

CROUCHED, POISED, TARZAN PREPARED TO COMBAT THE TERRIBLE "KILLER OF MEN"--A MANIACAL GIANT WHO NOW LUMBERED TOWARD HIM.

WITH SURPRISING SPEED, THE GIANT GRABBED TARZAN IN A CRUSHING BEAR HUG--BUT THE APE-MAN RETALIATED, DRIVING HIS KNEE INTO HIS FOE'S STOMACH.

THE BRUTE GRUNTED AND DROPPED HIS PREY, NOW HOPING TO CRUSH HIS HEAD WITH A FLESHY FOOT--BUT TARZAN QUICKLY GRASPED FOR A DANGLING ROPE.

HE LEAPED UP FROM BEHIND THE MONGOL, SLAMMING BOTH FEET INTO THE SMALL OF HIS BACK AS HE JERKED ON THE ROPE!

Distr. by United Feature Syndicate, Inc.

INSTANTLY, THE CREATURE'S VERTEBRAE SNAPPED AND HE CRUMPLED TO THE GROUND. NOW TARZAN DEFIANTLY FACED SADAR AND BELLOWED FORTH HIS CHALLENGE. "THIS AMAZING VICTORY," MUSED THE KHAN, "QUALIFIES YOU FOR THE FINAL TEST. GO FREELY INTO THE JUNGLE, BUT BRING BACK PROOF THAT YOU HAVE KILLED A BULL BUFFALO!"
